OUR STORY

Our dream for Humble Grounds was to have a space where we could be intentional with creating relationships within our local communities of Fulshear, Katy, Richmond, and surrounding areas.

From our top notch, house roasted coffee, to our delectable breakfast and lunch menu, we are here to serve with kindness and a smile. It's more than just a coffee shop here at HG. We thrive on making genuine connections with each of you, serving you the absolute best, and being a space of joy for all.

We look forward to serving you and your guests, for any occasion, big or small.
